

World Climate Exercise (1 hour event)

Activity Breakdown and Notional Timeline

--**Before start time:** Prep the room. Organize tables--table tents, briefing materials, props. Set-up computer and connect to projector. Draw position matrix. Load C-Learn/C-ROADS and Exercise slides and Supplemental Slides. Assign roles as people arrive.

--**Start (8 minutes):** Welcome. Thank yous. Introduce the session: Climate Interactive and World Climate Exercise. C-Learn/C-ROADS; define regions; outline process. Use slides.

--**Initiate exercise (8 min):** Teams read briefing papers;

--**Start Role-play (3 min):** Give role-play opening remarks. Use slides.

--**Round 1 (8 min):** teams discuss & decide on opening position; negotiate with other teams; elect spokesperson; draft 1-2 minute intervention to present and advocate for position;

Positions 1 (8 min): make interventions; write positions into matrix; repeat for each team.

Results of Round 1 (8 min): check mental model; check results; use software

--**Sea level rise demo (3 min):** blue tarp/sheet; use software and slides

--**Bathtub Simulation (2 min):**

--**Getting to goal (5 min):** 2° (or 1.5°)

--**Debrief (12 min):** elicit emotional reactions; affirm reactions; establish hope – difficult but work it.

-- **Questions**

-- **Conclude. Remind – you all can do this! Materials free – open source! Contact Climate Interactive.**

THANK YOU!

World Climate Exercise (1.5 hour event)

Activity Breakdown and Notional Timeline

--**Before start time:** Prep the room. Organize tables--table tents, briefing materials, props. Set-up computer and connect to projector. Draw position matrix. Load C-Learn/C-ROADS and Exercise slides and Supplemental Slides. Assign roles as people arrive.

--**Start (10 minutes):** Welcome. Thank yous. Introduce the session: Climate Interactive and World Climate Exercise. C-Learn/C-ROADS; Why are we here. Define regions; outline process. Use slides.

--**Initiate exercise (8 min):** Teams read briefing papers;

--**Start Role-play (3 min):** Give role-play opening remarks. Use slides.

--**Round 1 (8 min):** teams discuss & decide on opening position; negotiate with other teams; elect spokesperson; draft 1-2 minute intervention to present and advocate for position;

Positions 1 (8 min): make interventions; write positions into matrix; repeat for each team.

Results of Round 1 (8 min): check mental model; check results; use software

--**Round 2 (6 min):** teams decide on new position; negotiate with other teams;

Positions 2 (8 min): 30 seconds to state new positions and record positions into matrix; repeat for each team.

Results of Round 2 (5 min): check mental model; check results; use software

--**Sea level rise demo (3 min):** blue tarp/sheet; use software and slides

--**Bathtub Simulation (3 min):**

--**Getting to goal (5 min):** 2° (or 1.5°)

--**Debrief (15 min):** elicit emotional reactions; affirm reactions; establish hope – difficult but worth it.

-- **Questions**

-- **Conclude. Remind – you all can do this! Materials free – open source! Contact Climate Interactive.**

THANK YOU!

World Climate Exercise (1.5 hours with World Energy demo)

Activity Breakdown and Notional Timeline

--**Before start time:** Prep the room. Organize tables--table tents, briefing materials, props. Set-up computer and connect to projector. Draw position matrix. Load C-Learn/C-ROADS and Exercise slides and Supplemental Slides. Assign roles as people arrive.

--**Start (10 minutes):** Welcome. Thank yous. Introduce the session: Climate Interactive and World Climate Exercise. C-Learn/C-ROADS; Why are we here. Define regions; outline process. Use slides.

--**Initiate exercise (8 min):** Teams read briefing papers;

--**Start Role-play (3 min):** Give role-play opening remarks. Use slides.

--**Round 1 (8 min):** teams discuss & decide on opening position; negotiate with other teams; elect spokesperson; draft 1-2 minute intervention to present and advocate for position;

Positions 1 (8 min): make interventions; write positions into matrix; repeat for each team.

Results of Round 1 (8 min): check mental model; check results; use software

--**Sea level rise demo (3 min):** blue tarp/sheet; use software and slides

--**Bathtub Simulation (2 min):**

--**Getting to goal (5 min):** 2° (or 1.5°)

--**Demo World Energy (15 min):**

-- **Questions**

-- **Conclude. Remind – you all can do this! Materials free – open source! Contact Climate Interactive.**

THANK YOU!

World Climate Exercise (2 to 2.5 hour event)

Activity Breakdown and Notional Timeline

--Before start time: Prep the room. Organize tables--table tents, briefing materials, props. Set-up computer and connect to projector. Draw position matrix. Load C-Learn/C-ROADS and Exercise slides and Supplemental Slides. Assign roles, if possible.

--Start (10-12 minutes): Welcome. Thanks to venue/organizers/helpers. Introduce yourself and others. Introduce Climate Interactive and Wild Climate Exercise. Mention: C-Learn or C-ROADS; Assign roles (if you haven't already); define regions; outline process; three tasks; positions; negotiating; interventions; check results; rinse repeat; debrief. Use slides.

--Initiate exercise (10-12 min): Move to team spaces; read briefing papers; you dress for role

--Role-play (5 min): Be your role. Give your role-play opening remarks. Use slides.

--Round 1 (10-15 min): teams discuss & decide on opening position; negotiate with other teams; elect spokesperson; draft 1-2 minute intervention to present and advocate for position;

Positions 1 (8-10 min (3R) or 12-15 min (6r)): make interventions; write positions into matrix; repeat for each team.

Results of Round 1 (10-15 min): check mental model; check results; use software

--Sea level rise demo (5-7 min): blue tarp/sheet; use software and slides

--Round 2 (10-12 min): same as Round 1

Positions 2 (8 min (3R) or 12 min (6r)): same as above

Results of Round 2 (12 min): same as above

--Bathtub Simulation (5-7 min):

--Optional: Round 3 (10 min): same as Round 1

Positions 3 (8 min (3R) or 12 min (6r)): same as above

Results of Round 3 (12 min): same as above

--Getting to goal (10 min): 2° (or 1.5°) Facilitator chooses or shout-outs from crowd.

--Debrief, Questions, Conclude (30 min): elicit emotional reactions; affirm reactions; establish hope – difficult but work it.

--Remind – you all can do this! Materials free – open source! Contact Climate Interactive. THANK YOU!

World Climate Exercise (3 hour event)

Activity Breakdown and Notional Timeline

--Before start time: Prep the room. Organize tables--table tents, briefing materials, props. Set-up computer and connect to projector. Draw position matrix. Load C-Learn/C-ROADS and Exercise slides and Supplemental Slides. Assign roles, if possible.

--Start (12 minutes): Welcome. Thanks to venue/organizers/helpers. Introduce yourself and others. Introduce Climate Interactive and Wild Climate Exercise. Mention: C-Learn or C-ROADS; Assign roles (if you haven't already); define regions; outline process; three tasks; positions; negotiating; interventions; check results; rinse repeat; debrief. Use slides.

--Initiate exercise (12 min): Move to team spaces; read briefing papers; you put on dress props for role

--Role-play (5 min): Be your role. Give your role-play opening remarks. Use slides.

--Round 1 (15 min): teams discuss & decide on opening position; negotiate with other teams; elect spokesperson; draft 1-2 minute intervention to present and advocate for position;

Positions 1 (10 min (3R) or 15 min (6R)): make interventions; write positions into matrix; repeat for each team.

Results of Round 1 (10 min): check mental model; check results; use software

--Sea level rise demo (5 min): blue tarp/sheet; use software and slides

--Round 2 (10 min): same as Round 1

Positions 2 (8 min (3R) or 10 min (6R)): same as above

Results of Round 2 (5 min): same as above

--Bathtub Simulation (5-7 min):

--Optional: Round 3 (10 min): same as Round 1

Positions 3 (8 min (3R) or 10 min (6R)): same as above

Results of Round 3 (5 min): same as above

--Getting to goal (3 min): 2° (or 1.5°) Facilitator chooses or shout-outs from crowd.

--Debrief, Questions, Conclude (45 min): elicit emotional reactions; affirm reactions; establish hope – difficult but work it.

--Remind – you all can do this! Materials free – open source! Contact Climate Interactive. THANK YOU!
